

BIO ECONOMY

U.S. DEPARTMENT OF ENERGY

2017

**July 11-12,
2017**

SHERATON PENTAGON CITY
900 SOUTH ORME ST., ARLINGTON,
VA 22204

Join the U.S. Department of Energy's Bioenergy Technologies Office as we celebrate our 10th annual conference—***Bioeconomy 2017: Domestic Resources for a Vibrant Future!***

Hear directly from leading scientists and bioeconomy experts from the public and private sectors. Bioeconomy 2017 will be attended by government agency officials, members of Congress, industry, national laboratories, and academic researchers

This is a great opportunity to discuss critical issues, such as the following:

- Innovative technologies for the emerging bioeconomy
- The economic opportunities for reliable American feedstock
- New and growing markets for the bioeconomy
- Bioenergy as part of the modern transportation future
- Leveraging of the bioeconomy to create new jobs and address global challenges
- And more

The U.S. Department of Energy's Bioenergy Technologies Office is proud to announce that, once again, the Clean Energy Research and Education Foundation (CEREF) will serve as the lead partner for Bioeconomy 2017.

Interested in exhibiting and supporting opportunities at Bioeconomy 2017?

Please visit the [CEREF website](http://ceref.org) for further information or contact CEREF at bioenergy@ceref.org or 202-640-6599 extension 322.
